Crystal Clear Water WHISPERING RIDGE
PWS ID 0180081
HAS ISSUED A
BOIL WATER NOTICE
for all customers.

Due to conditions which have occurred recently in the water system for ***low water pressure due to well issues**, the Texas Commission on Environmental Quality has required the system to notify all customers affected to boil their water prior to consumption. To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking, and ice making should be boiled and cooled prior to consumption. The water should be brought to a vigorous rolling boil and then boiled for two minutes. In lieu of boiling, you may purchase bottled water or obtain water from some other suitable source. When it is no longer necessary to boil the water Crystal Clear Water Whispering Ridge will notify you.
